3. Incorporation and Communications. The Plan Sponsor hereby designates the Trustee as an ancillary trustee of the Participating Trust and hereby adopts the Declaration of Trust, a copy of which is attached hereto and made a part hereof, as a part of the Participating Trust, and agrees to be bound by its provisions. 4. Directions and Reliance. The Plan Sponsor agrees to transfer, or to direct the trustee or custodian of assets of the Participating Trust to transfer, any and all funds of the Participating Trust to be allocated to the Composite Trust. The Plan Sponsor, through the Administrator or the Service Provider, shall provide directions to the Trustee as to the investment of assets allocated to the Composite Trust and the distribution of the Participating Trust's assets from the Composite Trust. The Plan Sponsor acknowledges and agrees that HB&T may appoint the Administrator or its agent to maintain records with respect to the Participating Trust's participation in the Composite Trust. If the Participating Trust permits participants to direct the

investment of their individual accounts among one or more Investment Accounts of the Composite Trust, all such directions shall be provided to the Trustee through the Administrator. The Trustee shall be responsible only for the investment and custody of the assets accepted by it and shall have no other duties except as specified in the Declaration of Trust. The Trustee shall have all necessary authority to discharge those responsibilities. All investment directions provided to the Trustee shall be in writing or in an electronic format acceptable to the Trustee.

The Participating Trust hereby agrees to indemnify and defend the Trustee against any liability or expense arising from the Trustee's reliance on any direction, instruction or other notice given to the Trustee by the Plan Sponsor, Administrator or Service Provider on the Participating Trust's behalf unless the Trustee has received express written notice from the Participating Trust that the Participating Trust has revoked its designation of the Administrator or Service Provider as set forth on Exhibit C.

5. Purchase and Redemption Procedures.

(a) Transfer in-kind purchases that are vertical slices of the Investment Account shall be transferred directly into the Investment Account. Transfers in-kind that are not vertical slices of the Investment Account will be handled in a transition account where all the fees associated with such transactions will be allocated to the purchase or redemption settlement amount. Transfers in kind out of the Investment Account will be a complete slice of the Investment Account. A seven (7) business day prior written notice to the Trustee is required for any transfer in kind transaction.

(b) Cash purchases and redemptions above 10% of the assets of the share class, with a minimum of \$10,000,000.00, will be handled in a transition account where all the fees associated with such transactions will be allocated to the purchase or redemption settlement amount.

Purchases: Cash purchases that do not meet criteria 5(b) will settle on trade date +1. Cash purchases and in kind transfers that use the transition account will settle into the Investment Account once all of the securities transactions settle.

Redemptions: A seven (7) business day prior written notice to the Trustee is required for any cash redemption. Pending portfolio review, the redemption may occur prior to the requested redemption date. Cash redemptions that do not meet the criteria of 5(b) will settle on trade date +1. Redemptions that use the transition account will be paid out once all of the securities transactions settle.

6. Restatement of Total Net Asset Value and/or Net Asset Value. The Total Net Asset Value ("TNA") of the Investment Account on a Valuation Date shall equal the aggregate value of the assets of a Fund less the value of the accrued liabilities of a Fund. The Net Asset Value ("NAV") shall be calculated by dividing the TNA of a Fund by the number of Units outstanding on a Valuation Date.

(a) In the event that there has been a misstatement of the Investment Account's TNA and/or NAV calculated with respect to any Valuation Date, irrespective of the nature or cause of the event or error resulting in a misstatement of the TNA and/or NAV the following shall apply: (A) if the discrepancy in the stated NAV to the corrected NAV is less than one-tenth of one percent (.001 or ten basis points), the Trustee shall not be required to restate the TNA and/or NAV and the Investment Account will not correct Participating Trust accounts; (B) if the discrepancy is equal to or greater than one-tenth of one percent (.001 or ten basis points) but less than one-half of one percent (.005 or 50 basis points) of the correct NAV, the Custodian shall restate the TNA and/or NAV, but the Fund will not otherwise correct participating investor accounts; and (C) if the NAV of an Investment Account is incorrect and the discrepancy is equal to or greater than one-half of one percent (.005 or 50 basis points) of the correct NAV, the Trustee shall restate the TNA and/or NAV and the Investment Account will correct, or cause to be corrected, any Participating Trust's account if such Participating Trust's account was affected by the error in an amount in excess of \$25. Notification to affected Participating Trusts will be made as soon as administratively feasible by the Trustee upon discovery of the misstatement of the TNA and/or NAV. The Plan Representative agrees that notification to the Participating Trust's Administrator satisfies notification to the Participating Trust.

(b) In the event of a purchase of Units of an Investment Account by a Participating Trust associated with a misstated NAV, irrespective of the nature or cause of the event or error resulting in a misstated NAV,

and in the event that Participating Trust accounts are to be corrected, the Investment Account shall cause each affected Participating Trust's account to be corrected by effecting a purchase of Units of the relevant Investment Account using the corrected NAV and the dollar amount equal to the dollar amount associated with the purchase of Units at the misstated NAV.

(c) In the event of a sale of Units of an Investment Account by a Participating Trust associated with a misstated NAV, irrespective of the nature or cause of the event or error resulting in a misstated NAV, and in the event that Participating Trust accounts are to be corrected, the Investment Account shall cause each Participating Trust's account to be corrected, to the extent practicable, by using the corrected NAV and effecting a sale of Units of the relevant Investment Account as may be necessary to generate proceeds equal to the dollar amount of proceeds distributed to or otherwise transferred for the benefit of such affected Participating Trust. In the event that there are insufficient Units of such Investment Account for a Participating Trust to enable any such corrected sale transaction to be effected, the Trustee acknowledges that such Participating Trust shall have received an amount in excess of the amount to which such Participating Trust was entitled and the Trustee shall cause the Participating Trust to repay to such Investment Account any such amount distributed to or otherwise transferred for the benefit of each affected Participating Trust in excess of the amount to which the Participating Trust was entitled had the sale proceeds been calculated at the corrected NAV.

7. Trading Restrictions. The Trustee may adopt policies, procedures, and measures to discourage frequent trading that may harm participants in any Investment Account, including limits on the frequency of deposits and withdrawals, redemption fees or other measures, and may in its sole discretion reject investment directions that violate such policies and procedures. The Trustee is not liable for any failure to effect directions that are not in good order under its trading policies and procedures.

 - (c) The Plan Sponsor acknowledges having received the Declaration of Trust and understands its rights and responsibilities thereunder.
 - (d) To the extent of the participation in the Composite Trust by the Participating Trust, the governing documents of the Participating Trust specifically authorize either the investment of moneys thereof in the Composite Trust or the investment of moneys thereof in a collective investment fund maintained by the Trustee and also provide that the governing documents under which the Composite Trust or any such collective investment funds are maintained shall constitute a part of the plan pursuant to which such Participating Trust is administered. The Trustee may waive this requirement if permitted by law, as determined by the Trustee.

10. Effective Date. The Participating Trust's participation shall be effective as of the next Valuation Date after the Trustee determines, in its sole discretion that the Participating Trust is a Qualified Trust and all other requirements are satisfied for the Participating Trust's participation in the Composite Trust.
11. Trustee Fees. In accordance with any applicable Declaration of Investment Account or separate schedule published by the Trustee from time to time, the Trustee shall be compensated for its investment management and other services to the Investment Accounts. In addition, the Trustee may charge to and receive from each Participating Trust such reasonable Trustee fees in accordance with the existing published Trustee's Fee Schedule or such other fee as may be negotiated by and between the Trustee and Participating Trust. The fee schedule set forth in the applicable Declaration of Investment Account may be modified by the Trustee from time to time on sixty (60) calendar days advanced notice to the Participating Trust. If the Plan Sponsor files an objection with the Trustee at least five (5) calendar days before the day on which such fee modification will take effect, the Trustee may withdraw the participation of the Participating Trust from the Investment Account on or before the Valuation Date as of which such new or modified fee is to take effect.
12. Expenses. The Plan Sponsor directs the Trustee, so long as the Participating Trust maintains a balance in the Composite Trust, to pay from the Composite Trust certain amounts as "plan expense

reimbursements" to the Participating Trust's Administrator or other Service Provider as directed on the attached Plan Expense Reimbursement Schedule (Exhibit C).

The Plan Sponsor represents and warrants that the plan expense reimbursements paid to the Service Provider(s) as set forth in Exhibit C represent reasonable compensation to such Service Provider(s) for services to the Participating Trust and reduce on a dollar for dollar basis direct and necessary expenses for which the Participating Trust would otherwise pay. The Plan Sponsor agrees and acknowledges that it is solely responsible for engaging the Service Provider(s) to provide services to the Participating Trust and to monitor such services and the Trustee has no responsibility therefore. The Plan Sponsor further agrees and acknowledges that it is responsible to notify the Trustee if such Service Provider(s) no longer provide services to the Participating Trust. The notice requirement shall be satisfied if the notice is provided by the Service Provider(s).

13. Termination. This Participation Agreement terminates upon the complete withdrawal of the assets of the Participating Trust from the Composite Trust. All withdrawals are subject to the Declaration of Trust and applicable Declaration of Investment Account. The Trustee shall continue to be paid its fees until the Valuation Date on which such final withdrawal is effective.

14. Amendment. The Trustee may amend this Participation Agreement, the Declaration of Trust, or any Declaration of Investment Account from time to time. Except as otherwise provided under the Declaration of Trust, no amendment of this Participation Agreement, the Declaration of Trust, or any Declaration of Investment Account may take effect until a Valuation Date which is not less than sixty (60) calendar days after notice of such amendment has been furnished to the Plan Sponsor. If the Plan Sponsor does not file an objection with the Trustee on or before five (5) calendar days before the Valuation Date on which such amendment will take effect, the amendment will be deemed accepted by the Plan Sponsor and shall become effective as to the applicable Participating Trust. If the Plan Sponsor does file such an objection, the Trustee may withdraw the participation of the Participating Trust on behalf of which such objection was filed on or before the Valuation Date as of which such amendment is to take effect.

In addition, the Trustee may furnish notices to any Plan Sponsor by email or other electronic means, and any such notice shall be deemed to be given upon its transmission by the Trustee.
